CBC Rogers had been informed that a planning application was due imminently for the Lagoon site.

CBC Rogers had been approached by WCBC with an offer to fund a 20 foot container for outdoor provision for the Youth provision currently being funded by BCC. He said that WCBC had requested that BCC cover the cost of the planning application and concrete base for the container. CBC Rogers asked for members support to take up the offer from WCBC, and also asked if they would support him and Cllr Prince in increasing the size of the container from 20 foot to 40 foot and that BCC pay the difference in cost. He said that the Youth provision was going well. Cllr Prince said that as many as 20 youths attended the project and it was well received in the village. Cllr Ashworth proposed that BCC in principle look at funding the cost of a 40 foot container on condition that a quote be obtained and brought back to full council for members to consider prior to making a decision. All the documentation she had, had been sent to them. After speaking with them on the phone the legal advice was that no-one should attend any meetings with WCBC at present. The legal advice was that WCBC should correspond with BCC in writing, in order that each party was clear in what was being discussed. At present, everything that the CC had been told had been passed on verbally. CBC Kelly said that the Charity Commission had become involved after Denise Garland of WCBC had consulted with them. Members said that if the Charity Commission had any issues they should come directly from them and not through WCBC. These issues should also be made in writing to the Clerk. Cllr Shone proposed that no-one attended the meeting scheduled for the end of the week following the legal advice given and that the Clerk request that all correspondence be directed through her in order that she could distribute to all members of BCC. Cllr Steele seconded the proposal. A vote was taken. All were in favour.
